Operational Efficiency for Parking Kiosks

When devices are located in areas that are exposed to environmental conditions, cleaning should be done frequently, especially during seasons that are prone to an abundance of dust, salt, sand and bad weather. Failure to clean frequently can cause system failure, device downtime and disruption of operations.

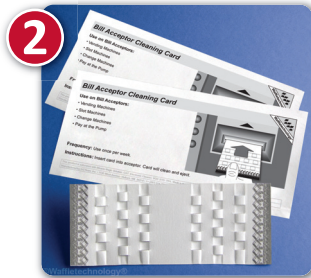

How we help

Our technical cleaning products are designed to ensure operational efficiency and reduce downtime and maintenance costs:

1 Card Reader Cleaning Card featuring Waffletechnology®

2 Bill Acceptor Cleaning Card featuring Waffletechnology®

3 Thermal Printer Cleaning Card (2x51mm) featuring Waffletechnology®

4 Screen Cleaning Wipe

Dirty Kiosk Symptoms:

- ✓ Card rejection
- ✓ Repeated swipes
- ✓ Bill rejection
- ✓ Poor image quality
- ✓ Receipt Jams
- ✓ Ticket Jams

When to Clean

Card Readers: Every 1000 swipes or at least 1-2 X per month.

Bill Acceptors: Every time you empty machine or at least 1 X every other week.

Receipt Printers: Every media roll change or at least 1-2 X per month.
